NOVA SCOTIA COUNCIL ON HIGHER EDUCATION

The Nova Scotia Council on Higher Education will advise the Minister of Advanced Education and Job Training on all matters related to Nova Scotia Universities and their relationships to Government, to society and to the economy, and, together with the universities and, as appropriate, with the Maritime Provinces Higher Education Commission, will seek to identify the most effective ways of ensuring that university programs of high quality are available to prepare Nova Scotians for the future, that public resources are effectively used to this end, that university resources are effectively coordinated, that university programs are reasonably available to all qualified Nova Scotians, and that, generally, the universities and the people of Nova Scotia have the fullest possible benefit from university programs, services and research.

The members of the Council are the Nova Scotia members of the Maritime Provinces Higher Education Commission, thus ensuring the highest degree of coordination between these two bodies. The members of the Council are: Dr. Kathryn Bindon, Father Leger Comeau, Carmen Moir, Lara Morris, Dermot Mulrooney, Ruth Pulsifer, Dr. Alasdair Sinclair, Ross Towler, Gerald McCarthy, Chairman. The staff serving the Council and advising the Minister on university affairs are:

PROGRAMS

The Programs Divisions develop, direct, coordinate and deliver vocational and technical education and training programs for Nova Scotians.

MULROONEY, Dermot L. Executive Director 4060
MCMULLIN, Carole M. Secretary 4060

FINANCE AND ADMINISTRATION

This group of divisions is responsible for the financial management of the department, the development and maintenance of the budgeting, financial reporting, and general administration systems, the provision of instruction and advice on all aspects of personnel administration, and the maintenance of an integrated personnel and payroll system.

GRAHAM, Norman N. Executive Director 5282
WOODILL, Joan M. Secretary 4319

FINANCE AND ADMINISTRATION

Budgeting

The budgeting division is responsible for directing the preparation and presentation of the department budget, the coordination and preparation of monthly forecasts, and the development and reporting of results indicators.

The department budget must accurately represent the costs of the training and administration programs and be supported by detailed supporting documentation for presentation to Management Board and the Legislature. The financial control system includes the preparation of an accurate and up-to-date forecast of ordinary and capital expenditures, recoveries, and revenue, for all programs. Variances are reviewed monthly and forecasted changes are evaluated in relation to costs and the effects upon the divisions votes and department as a whole.

The results indicators form an integral part of the reporting and budgeting process and are used in the overall analysis of the financial operation of the department.

LANTZ, Earl C. Coordinator Budgeting 5942
CAMP, Wendy A. Clerk 5941

FINANCE AND ADMINISTRATION

Accounting

The Accounting Division provides support services to the Department by the provision of a centralized accounting system and other common services such as mail processing. The Division audits and records all financial transactions, periodically reviews supplementary accounting systems, recommends and makes changes to accounting and administration procedures as required, and provides detailed data on operations to management. The Division serves as liaison on financial matters with the Department of Finance, Management Board, Government Purchasing Agency, and other departments.

PLANNING AND EVALUATION

The Planning and Evaluation Division was set up in November 1984 following recommendations in the White Paper on Economic Development "Building Competitiveness" to enhance human resources planning and to more closely match training to labour market needs. The Division provides labour market analysis and program evaluation to support the planning and implementation of human resource policies and programs in Nova Scotia including training, employment development and career counselling.

The functions of the division also include the coordination of Federal/Provincial and Provincial/Territorial relations on labour market matters and the negotiation of Federal/Provincial Agreements (i.e. training agreements). Finally the Division also provides computing and electronic data processing support as well as library services to the department.

CAREER SERVICES

The Career Services Office was established in response to a recommendation contained in the Government's White Paper on Economic Development. Its mandate is to provide programs and services to young Nova Scotians ages 15-24 which will help lessen the high rate of unemployment among youth. This includes:

1) the delivery of a comprehensive program of career counselling for youth;

2) the development of new initiatives leading to productive employment opportunities for youth;

3) liaison with the private sector to expand participation in work experience and co-operative education; and

4) provision of professional development and career information/publications to counsellors and youth serving agencies and groups.
